

Welcome to Gibsons Chiropractic!

To ensure your visits in our office is *EXTRAORDINARY*, here is what to expect during our time together:

Your First Visit

PAPERWORK:

Complete the New Practice Member health history forms so we can know you better. Dr. Stacey will use this information to create your customized Care Plan. Read and sign the Consent Form and Terms of Acceptance. Plan to spend 45-60 minutes at our office during this visit.

CONSULTATION:

You will meet with Dr. Stacey to review your health history as well to create your vision of ideal living.

NERVE SCAN:

If you have questions, just ask. One of the main rules here at Gibsons Chiropractic is that the only dumb question is the one you don't ask, so...ASK AWAY! The best place to have your questions answered is at the Strategies for Healthy Living Workshop on Monday nights from 6-6:30 where you will learn how to regain the health you've lost; how to keep it once you find it; and how to know if you're a step or two away from a health break-through. Your understanding of the AMAZING healing power of your body will greatly improve your results.

EXAMINATION:

WHEW! You will not be prodded, poked, or pricked like a pin cushion. You will receive a Comprehensive Chiropractic Examination which aides Dr. Stacey in understanding the cause of your health challenge(s) and to create your customized Care Plan.

X-RAYS:

It may be necessary to take x-rays of your spine to determine the severity and complexity of the subluxation complex that is causing your problems and to rule out any pathology. You will be referred to your medical doctor for the x-rays if they are required. To see is to know; not to see is to guess. Dr. Stacey will NOT guess about your health!

.....

Your Second Visit

REPORT OF FINDINGS:

During your second visit, Dr. Stacey will share what she discovered about your health based on your Consultation, Exams, Scans, and X-Rays (if they were taken). From there, she will provide your customized Care Plan, which is the route for regaining and keeping your health. During that time she will also share ways in which you can save money on your care. Plan to spend 30-minutes at our office during this visit. All other visits last about 15-minutes. We fully embrace that you do not live to get adjusted but rather get adjusted to FULLY LIVE!!

ADJUSTMENT:

You will be checked for vertebral subluxation and if present you'll get adjusted. It's as simple as that!

We are honoured to partner with you for optimum living! You've done the hardest thing already...you've got here! It's smooth sailing for you and you're in the right place.

Welcome to Gibsons Chiropractic!

I GUARANTEE!!!

Thank you for choosing me as your chiropractor and health coach. I am honoured and delighted to serve, support, and assist you. I know that it's rare to receive a GUARANTEE from any health care professional; I trust you'll find most of your experiences here rare compared to what you've known in the past. My intention is to ALWAYS blow you away! Keep me posted on how I am doing. Deal?

The fact is that I want to give you Five Guarantees:

1. **I guarantee** availability to you 24/7 at info@gibsonschiropractic.com. I'll personally respond to your email within 48 hours. I believe ALL questions are useful and full of genius, so please, ask away! I am here for you!
2. **I guarantee** that I'll continue to take excellent care of myself so that I am fully available for you and able to give you the VERY best! I want you to think of me as your model of optimum health and success.
3. **I guarantee** that I'll match your effort. You give 100% and so will I! It is teamwork and I am honored to be on your team.
4. **I guarantee** that I invest my time, energy, and financial resources for my own personal growth and development. Studies show that those who are constantly learning and growing are more optimistic and happy. I want this to be the most amazing journey you've ever embarked upon! I am with you every step of the way!
5. **I guarantee** that I will serve and care for your friends and family members with the utmost respect, integrity, and kindness. Your referrals tell me that you're pleased with our relationship and your progress.
6. **I guarantee** that I consider you to be a part of my family and I will only ask or make recommendations for you as if you were family. All of my recommendations are based on your goals, my experience and my desire to simply have the best for everyone in my family.

You'll find your experience here EXTRAORDINARY! **I GUARANTEE IT!!!**

Please let me know how I'm doing at all times. You matter to me and I desire to hear your opinion.

Thanks for this unique opportunity to partner with you!

Yours in health,

Dr. Stacey Rosenberg
